We will like to inform you that:

Romanian Chemical Society offers scholarships for young chemists for participation in the 9th International Conference of the Chemical Societies of the South-Eastern European Countries (ICOSECS9), „Chemistry a Nature Challenger”.

Participation of the younger generation of chemists to the international scientific conferences has a major impact on their future career. Therefore, the Romanian Chemical Society Council decided to offer **14 scholarships (two for each society) of 100 euro each (covering the conference fee)** to young chemists for participation in the 9th International Conference of the Chemical Societies of the South-Eastern European Countries (ICOSECS9).

The scholarships are awarded to young chemists (students, masters students or PhD students, up to 35 years of age) based on a competition. The young chemists interested to apply for a scholarship should send the following information to the Romanian Chemical Society secretariat (email: secretariatschr@yahoo.com):

- Intention letter (mentioning volunteer work – if it is the case)
- Recommendation letter from the local chemical society
- The abstract submitted to ICOSECS conference

Dead line for application is **1 of April 2019**.

The applications will be analysed by a jury from the Romanian Chemical Society and the results will be presented before 5th of April 2019.

Sorin Roșca,
President of the Romanian Chemical Society
